

## **HORIZON-MISS-2021-CLIMA-02-02 - Apoyo a las regiones en el desarrollo de vías hacia la resiliencia climática y las correspondientes agendas de innovación**

### **Estado**

Cerrado

### **Convocante**

Comisión Europea

### **Objeto**

El objetivo de esta convocatoria es facilitar Apoyo a las regiones en el desarrollo de vías hacia la resiliencia climática y las correspondientes agendas de innovación.

Tiene un presupuesto de 8.400.00,00€

#### **Objective and Purpose of this Call:**

This First Call seeks to provide support to 40 regions/communities located in European Union (EU) Member States or Horizon Europe Associated Countries, situated within Europe's biogeographical regions, with a dedicated total available funding allocation of 8,400,000 €. The primary objective is to facilitate the collaborative co-design of climate-resilient visions for the future, engaging with locally led transformative pathways and innovations. This collaborative effort aims to secure long-term impact through policy commitment. Special attention should be given to less developed regions/communities that are vulnerable to climate impacts and possess low adaptive capacity. The maximum grant amount per subgrantee is 210,000 €

for subgrants lasting up to 18 months.
